Standard Financial Information Structure (SFIS) Deployment

June, 2005

DoD Business Enterprise Systems

Possible list as of 5/27

Target Environments

- Need to identify the specific environments which fit into each of the following categories:
 - Category A
 - Deployed environments in which we would recommend investing to update those systems to support SFIS
 - Category B
 - Legacy environments in which direct investment is not recommended; rather, an interim approach for these systems which includes mapping and cross walks, is preferred
 - Category C
 - Emerging environments, including new ERP systems

Category A Environment

- Category A
 - Deployed environments in which we would recommend investing to update those systems to support SFIS
 - Business Enterprise Information Service (BEIS)
 - Automated Purchase System (APS)
 - Defense Civilian Personnel Data System (DCPDS)
 - Standard Procurement System (SPS) Increment 3
 - **Defense Cash Accountability System (DCAS)**
